CAS

The CL5000 series provides a complete set of scale system, covering the different requirements of food counters, pre-pack areas for supermarkets and specialized stores.

The highly sophisticated CL5000 series is smart choice for many sales usage.

Features

Display - VFD & LCD

The VFD display is used for displaying Tare, weight, unit price and total price. The dot matrix LCD is used for all program menus, PLU names, scroll message, and etc. The bright blue display gives high legibility for programming and promotion.

Printer & Label

High speed print (100mm/sec)- Cartridge loading type label installation makes so much easier to replacing a new roll of label/ticket.

PLU Key

The membrane type keypad adds a sophisticated look of CL5000. Double-click function makes so much easier to call double the PLU directly.
ex) 96~114 direct call by double click of 48~72

Memory

Standard memory can hold up to 3000 PLUs and the expansion memory card offers up to 10000 PLUs.

Label Formats

There are 40 preset labels installed in scale and 20 label formats can be modified freely with CLWorks PC Program. Various Label sizes can be used :
- Continuous Label/ticket
- 150mm Label

BarCode

Almost every conventional barcode types are available :
UPC, EAN13, EAN13A5, I2OF5, CODE128, CODE39, CODE93, CODABAR, IATA20F5

Menu System

No need to scroll menus for programming changes. Unique 4 digit 'Menu Code' entry pin points the desire program field.
ex) Menu code "1120" is for editing PLU name.

PC Software - CLWorks

User-Friendly Scale management software

User-Friendly scale management software PLU programming, store data, sales report, label editor, key-pad editor, and much more, control all the program data by CLWorks.

PLU Editor
Enable to easy PLU control allows PLUs Management by Excel.

Label Editor
20 modifiable Label Formats easy downloading of Label formats.

Keypad Editor
Easy to setup and download key design colour Image Keypad supported.
